

GRANITE STATE LEADER

Casey Dean *Team Make a Scene* *Nashua Community College*

Team Make a Scene is a new founded non-profit Youth Venture business created by Casey Dean, Ashley Dean, Stephanie Lawson, Courtney Blanchard, Jackie Shaw, Robbie Fuller, Alyssa Charron, and Jennifer Villada. We are reaching out to child based organizations in need of some recreational renovation! We hope to work with the children of these organizations and get them as involved as possible! We want to reach out and influence the children in the community that we work with. We truly believe that this will be a great experience for everyone. In the future with the help from all of you who want to get involved we will become larger and more well known and be able to give free lessons on the basics of common sports such as football, basketball, soccer, baseball, etc... This will help motivate YOUTH to join a community or school team that they may have not tried out for because they did not know how to play. We are creating awareness for our team by cleaning up local parks and fields. We hope everyone who is interested contact us ASAP and we will get you involved in this heartfelt experience.

Team Make a Scene participated in the Fix It program and cleaned the yard of an elderly couple who could not do it on their own. That next Monday, they received 3 phone calls praising us for a job well done. "Rose told me you did an amazing job and that you exceeded her expectations that she prepared herself for by the job done from the previous team" said Cathy Krzyzek, Fix It program coordinator.
