

PRESIDENTS' GOOD STEWARD AWARD

Rosemary Dettelback Senior Administrative Assistant, Finance and Planning *Keene State College*

Rosemary Dettelback has been an exemplary Keene State employee since 1988, working in the office of the Vice President for Finance and Planning. Her professionalism on campus is a huge asset to Operating Staff with her participation and co-chairmanship on the Founder's Day Committee and her help with the Thanksgiving Basket drive as two examples.

She brings that same willingness of service and ultimate professionalism to the greater Keene community by her service with the Cheshire Medical Center's Vision 2020 as she is currently serving on the newly formed Healthiest Community Advisory Board. In addition, Rosemary belongs to an organization called 'Random Acts of Kindness' and many people both on campus and off have been recipients of her heartfelt generosity.

The word steward itself represents that quiet consciousness and, not only making the present a better place for all concerned, but the future. Rosemary Dettelback is a quiet and private woman who exemplifies integrity, as well as kindness and generosity while tirelessly sharing her professional expertise for the good of both the campus and surrounding community. We believe Rosemary Dettelback is the true face of the Good Steward Award for Keene State College.
