PRESIDENTS' COMMUNITY PARTNER AWARD

Rindge Woman's Club
Franklin Pierce University

Since their founding in 1967, the Rindge Woman's Club has been at the center of service and engagement for the Rindge community. The group is committed to "the betterment and welfare of the community." One of their largest and most successful programs is Operation Santa. Franklin Pierce University is honored to work with this program as books, socks, and toys are collected for families in need during the holiday season. Each year, over 100 children and their families are served. Although it takes many partners to run such a program, the partnership with Franklin Pierce plays a vital role in the success of the operation.

Because of the enthusiastic and dedicated members of Operation Santa, everyone living in the town of Rindge benefits from this great work. Due to their strong partnership and commitment to the community, Franklin Pierce University is honored to award the Rindge Woman's Club with the Presidents' Community Partner Award.
