Presidents' Good Steward Award

Dawn Comito

Department Chair

Great Bay Community College

Dawn's active use of service learning in her classes has allowed our students and the community to greatly benefit. This past year alone Dawn has set up a number of service learning opportunities for students including the United Way of Greater Seacoast's Purses for a Purpose event. Through these events and Dawn's mentorship our students have received a top quality education while understanding the importance of being part of a larger community. Since Dawn came to Great Bay Community College she has shown that her commitment to our community is not limited to service learning! In her time with us she has volunteered her own time to NH Governor's Conference on Tourism, presenting to Manchester area high school career seminars, being a volunteer trainer for the Granite State Ambassador Program, being a mentor for Independent Learning Integrative Experience in Tourism for UNH and as a volunteer director of the Manchester Airport Authority Travel Agent Outreach program. In addition to her time teaching and volunteering, Dawn serves as the advisor to the GBCC Hospitality Club.
