Campus Compact for New Hampshire

2012 MLK Day of Service
Sub Grant
Host Campus Application

DUE DATE: Thursday, December 15, 2011

CCNH is proud to announce the availability of $500 subgrants to campuses in NH for developing service projects to commemorate the 2012 MLK Day of Service. Our hope is that college students and youth will complete service projects throughout the state of New Hampshire while reflecting on Dr. King's life. Campuses are organized to develop projects throughout the state that assist local agencies in expanding or improving their abilities to help the people they serve. In addition to unifying diverse participants around a service project, the MLK Day of Service provides opportunities for participants to reflect upon, honor and celebrate the life and legacy of Dr Martin Luther King Jr.

Campuses participating in the MLK Day of Service will receive $500 and will be expected to engage a minimum of 25 volunteers in the program. CCNH will provide training and technical assistance to campuses selected to participate in the program. More information will be available after campus awards are completed. Funds should be used to support projects on MLK day and to provide seed money to individual teams of volunteers. Funds may also be used to host a celebration on MLK day following completion of the challenge.

Please note:
Campuses hosting MLK Challenges are encouraged to engage disadvantaged youth in their service projects. Collaboration with other campuses in your region is also encouraged.

Name of School: _____

Name of Student Contact: _____ Name of Advisor Contact: _____

Student Contact Email: _____ Advisor Contact Email: _____

Student Contact Phone: _____ Advisor Contact Phone: _____

Volunteer Recruitment:
How many volunteers do you anticipate recruiting and how will you recruit them to participate in the MLK Challenge?

Community Partners:
How will you select community partners to receive volunteers for the MLK Challenge?

By signing below I agree to organize an MLK Challenge program at my campus and to work with CCNH to develop a project for on or around MLK Day 2012 (January 16, 2012).
