Presidents' Leadership Award

Meghan Guilmartin

Franklin Pierce University

Since the fall of 2011, Meghan has been an active volunteer and leader within the Office of Community Service. She started volunteering with the Humane Society during her freshman year. As a sophomore, she volunteered with both Boynton Buddies as a youth mentor and Senior Computer Tutoring. Throughout her two years at Franklin Pierce, she was a very reliable volunteer. After her sophomore year, Megan was recruited to become a Student Manger in the Office of Community Service, where coordinated the Boynton Buddies, Jaffrey After School, Kitty Rescue and Adoption, and Senior Computer Tutoring Programs. As a Reading Tutor at Jaffrey Elementary School, she engaged with local children. Throughout her time, Meghan has been a role model to volunteers and staff alike. She always leads by example and honestly cares about making a difference in the world. Whether it is leading a group of volunteers, planning a community service event, tutoring a child at the Jaffrey Grade School, or recognizing students at the annual Community Service Banquet, Meghan has always been there to lend a hand, give 110% each and every time. She is the definition of volunteer leader. Franklin Pierce University is honored to award Meghan Guilmartin with the President's Leadership Award.
