UNHSHARPP Advocates
University of New Hampshire

SHARPP's mission is to eliminate sexual and intimate partner violence. This mission is accomplished in two parts: by providing free and confidential advocacy and direct services to all survivors and their allies; and by offering culturally competent awareness and prevention programs, education and campus-wide events to the UNH community. SHARPP continues to have a profound impact on the UNH community and is nationally recognized as a leader in the fight against campus sexual violence.

SHARPP peer advocates are UNH students trained to provide advocacy and crisis intervention for survivors of recent, past or attempted sexual assault, child sexual assault, incest, intimate partner violence, stalking, sexual harassment and their allies. Additionally, advocates work to prevent and eliminate sexual/intimate partner violence in the UNH community.
