

PRESIDENTS' LEADERSHIP AWARD

Hospitality Club *Great Bay Community College*

The Hospitality Club at Great Bay Community College is deserving of the prestigious Presidents' Leadership Award for all of the hard work they perform in giving back to the seacoast community. This small club of just eight members has worked tirelessly since the beginning of the academic year whether it is giving their time for community service, service learning or civic engagement on our campus. Just a few of their volunteer contributions include working at Seacoast United Way's Purses for a Purpose Event, The Portsmouth Chamber Collaborative's Scarecrows on the Port, Strawberry Banke Museum's Vintage & Vine, Ghosts on the Banke, and Candlelight Stroll events, and Great Bay Community College's visiting high school and open house events. The club has managed to raise enough funds for a trip to New Orleans, where the officers are currently exploring volunteer opportunities and other ways to give back to our host city, New Orleans!
