

PRESIDENTS' LEADERSHIP AWARD

John Nikolaides *Hellenic American University*

John Nikolaides, a senior BAELL (Bachelors of Arts in English Language and Literature) student, has completed more than 500 Politis (civic engagement) hours teaching English to the children of the Hadzikonsta Foundation, and has been more than committed in helping the University in its effort to support the Foundation in every possible way. Teaching various levels, the effectiveness of his work is seen in the results of his students who took the ECCE exams, with a one hundred percent passing rate. John devoted several weeks of his summer vacation to renovate a 1,300 sq. feet room in the foundation with the help of others. Furthermore, this year he is taking part in more projects related to the Foundation, one of which involves teaching both the staff of the Foundation, as well as the children themselves in identifying their individual strengths and skills that will help them develop into mature adults.
