

# PRESIDENTS' LEADERSHIP AWARD

## *Student Support Foundation Plymouth State University*

Student Support Foundation is a student organization on campus whose mission is to keep students in school through short-term emergency assistance and long-term student support, and create a culture of philanthropy in the campus community. They do this through providing direction to available resources for long-term student support, identifying areas where student support is lacking and help to fill those needs, fairly and impartially evaluate requests for financial assistance, and educating students about other students' issues and challenges. This past year, SSF has taken part in the Understanding Hunger on Campus Initiative and helped see the Swipe It Forward program through its pilot initiative. They are dedicated to addressing hunger issues on campus and ensuring that PSU students have the foundational resources they need to be successful during their time at PSU and beyond.
