

PRESIDENTS' LEADERSHIP AWARD

Kayla Goodwin *University of New Hampshire*

Kayla is an outstanding student committed to service and social change. As an advocate for SHARPP, Kayla has dedicated two years, including academic breaks and holidays, to supporting survivors of domestic and sexual violence. She spends her evenings and weekends on call, available to help whoever needs her. Kayla has also been a member of Alpha Phi Omega, a national service fraternity, for which she served as President of the Theta Zeta chapter in 2017. Under Kayla's leadership, APO completed over 5,000 hours of service per semester, breaking their own previous record. Their Relay for Life team was recognized for being in the top 75 fundraising teams in the United States. While these accomplishments speak well to Kayla's leadership, a bigger statement is made in the ongoing support she has provided to the new leadership of the organization. They've turned to her for support even after she stepped down as President, and she has not hesitated to lend a hand to ensure the sustainability of this growing organization. Finally, Kayla is in the process of completing her senior thesis analyzing the impact of civic and community engagement at UNH within academic departments, athletics, student organizations, Greek life, and other formal organizations. After graduating, Kayla will be pursuing a Master of Education in Student Development in Higher Education at the University of Maine. Her impact will be felt on this campus long after she has left.
