

PRESIDENTS' COMMUNITY PARTNER AWARD

Operation Blessing New Hampshire Great Bay Community College

Operation Blessing is a non-denominational Christian ministry that works with participating churches and human services to serve families in Southeastern New Hampshire and Southern Maine. Since 1995 Operation Blessing has served the needs of over 187,000 people in their time of crisis and today, thousands of people are helped annually. This extraordinary organization provides clothing, food, furniture and housewares, even automobiles to those in need in the community. Operation Blessing also has outreach programs such as the NewLife Recovery Program, Greenleaf Rec Center, and Seacoast Adopt-A-Block. Great Bay Community College has been partnering with Operation Blessing since 2014. Over the past four years, Tammy Joslyn and the team at Operation Blessing, have welcomed hundreds of GBCC student volunteers to assist with programs such as their Thanksgiving basket assembly, Christmas gift giveaways, as well as general cleaning and organization of both Operation Blessing and the Greenleaf Rec Center. Next up on the agenda is their 10th Annual One Day to Serve, where volunteers will be in the community tackling projects such as window washing, planting flowers, and lawn maintenance. GBCC is excited to bring a group to students, faculty, and staff to this day of volunteering and further help Operation Blessing do great work in the community!
