

# PRESIDENTS' COMMUNITY PARTNER AWARD

 **Cheshire Medical Center**  
**Dartmouth-Hitchcock Keene**

## ***Cheshire Medical Center*** ***Dartmouth-Hitchcock Keene*** ***Keene State College***

Dr. Fedrizzi relocated to NH in the fall of 2009 and since 2010 has taken a lead role in organizing Integration efforts that purposefully and proactively link clinical services with community health partners and resources. He serves as a member of the Healthiest Community Initiative Project Team and participates in activities that ensure continuing progress on the goal of the Initiative to make the Monadnock Region of southwestern NH the healthiest community in the nation by 2020. Among other efforts, Dr. Fedrezzi has played a leadership role in the Living Wage Work Group, promoting a \$15/hr wage for the Mondanock Region. He serves on the Board of MOCO Creative Arts and Stonewall Farm and has worked to revitalize both organizations. He developed the "Kid's Demar program, which over 1000 school age children participated in last year and has come to include new free athletic shoes for all third graders. In his work, Dr. Fedrezzi has hosted countless Keene State Students in internship opportunities and has presented on a variety of issues on our campus. Dr. Fedrezzi is a co-chair of the ADP/TDC Economic Inequality Initiative Steering Committee and has assisted with the planning of Deliberative Dialogues, Student Policy Summits, Poverty simulations and national presentations. His tireless efforts and energy have provided a wide variety of opportunities for our students and improved the quality of life for all residents of the Monadnock Region.
