

PRESIDENTS' COMMUNITY PARTNER AWARD

Turning Points Network River Valley Community College

The Turning Points Network provides an invaluable service to our community. With a mission striving “to end all forms of domestic abuse, sexual assault and stalking in our community by enhancing the safety and well-being of individuals and families through empowerment and advocacy; helping create a community responsive to all victims and survivors; and working for social change through education, outreach and systems advocacy,” the Turning Points Network enhances the quality of life in our community in meaningful and measurable ways. As the College doesn’t provide on-site access to such services, we refer to the Turning Points Network to help support our students. We have worked closely with the Turning Points Network regarding the New Hampshire College Sexual Assault Policy and Prevention (CSAPPNH) Initiative. The Turning Points Network has been a great partner regarding the development of policies to protect our students and preventative measures to equip our students with the knowledge they need. The Turning Points Network also provides a great avenue to support their efforts with the annual Steppin’ Up to End Violence event in which RVCC looks forward to participating in each year. Congratulations to the team at Turning Points Network and thank you for your positive impact in our community!
