

PRESIDENTS' COMMUNITY PARTNER AWARD

The Mental Health Center
of Greater Manchester

The Mental Health Center of Greater Manchester The University of New Hampshire at Manchester

UNH Manchester is pleased to nominate the Mental Health Center of Greater Manchester for consideration of the Presidents' Community Partner Award. The MHCGM enhances the quality of life in our community in meaningful ways. In the fall semester of 2017, we began a collaboration to provide on-site behavioral screening, consulting, and referral services to our students. Beyond the weekly scheduled sessions, the professionals at MHCGM have conducted workshops for students to address a variety of mental health concerns specifically affecting college students. Another connection with MHCGM includes staff and faculty training workshops and the support of the Mobile Crisis Response Team. In many ways, the team at GMMHC is assisting the staff and faculty of UNH Manchester create - and maintain - a healthy, safe environment for all of our students.
