

PRESIDENTS' COMMUNITY PARTNER AWARD

It's On Us WMCC Partnership: Response, Support Center at Burch House, Starting Point

White Mountains Community College

White Mountains Community College recognizes our community crisis center partners: RESPONSE of Coos County, Support Center at Burch House in Grafton County, and Starting Point of Carroll County. Together with WMCC staff, faculty, and students, each center has played an active role in creating It's On Us WMCC, a college task force working to prevent sexual violence on our college campus. WMCC administration has recently formalized its relationship with these three centers by signing a Memorandum of Understanding with each of the agencies. These MOUs document the commitment of the parties to work together to provide trauma-informed services to students and employees, as well as survivors of domestic and sexual violence. WMCC is pleased to present these three organizations with the President's Community Partner Award for their commitment to prevent and respond to sexual violence at the college and within our surrounding communities.
