

PRESIDENTS' GOOD STEWARD AWARD

It's On Us WMCC Task Force White Mountains Community College

It's On Us WMCC is a recently formed task force at White Mountains Community College. The group's mission is to provide leadership in preventing and responding to sexual violence through collaboration, sharing and creating resources on campus and in the community. Through awareness events and educational workshops, the group has made an impact within the college community. The collaborative effort between WMCC employees and students and local crisis centers broadens the scope and effectiveness of this endeavor, and raises awareness of community resources. The organization focuses its efforts on education and training for students, faculty and staff, and utilizes on-campus postings, events and social media outreach. The group was instrumental in getting Memoranda of Understandings in place that formalized the partnerships between the community crisis centers and WMCC to work together to provide trauma-informed services to student and employee survivors of domestic or sexual violence.

WMCC is pleased to recognize employees Rachel Dandeneau, Melissa Laplante, Melanie Robbins, and Jeff Swayze with the President's Good Steward Award for their involvement with this task force.
